

Vimy's Memorial Fete Goes Wrong

9-TON STONE STILL REMAINS POISED ON HIGH

Apologies Tendered French Guests Called For Ceremony

OTTAWA, Sept. 8.—The top and last stone of the Vimy Ridge memorial, weighing nine tons, was set in place today. This is the last of the ceremonies provided for this fete by Col. M. C. Osborne, Hon. Secretary of the Canadian Battlefields Memorial Commission, from the chair. Brig. General H. T. Hughes, The Cable was sent from Arras, France.

ARRAS, France, Sept. 8.—Hanging from the end of a great crane, a nine-ton stone is poised today over the summit of Canada's memorial at Vimy ridge while mayors of neighboring towns and other notables are wondering why the ceremony of setting it is interrupted.

At the last moment, Brig.-Gen. Henry T. Hughes, who was conferring with the builders, decided the stone should not be set today. Apologies were tendered to the French guests who accepted them with graceful smiles and realized that "the last stone" still hanging far above them.

It was explained afterwards, an employee of the Canadian authorities had circulated news of the memorial's completion with misplaced zeal, causing a party of eminent visitors to attend. Brig.-Gen. Hughes, whose home is in Victoria, B.C., directed the construction work and intended the ceremony of completion to be private.

Actual completion of the memorial is not expected until the latter part of 1934, as sculptured figures of heroic size are yet to be carved on the higher levels. The monument, fixed at 30 ft., will be above the main platform. One figure on the lower level, representing the spirit of Canada, is already finished.

Towering 135 feet above the ridge and containing 6,000 tons of flawless stone, the structure commemorates Canadian valour at Vimy. It was under construction since 1925.

Two Post Offices Will Be Opened

Two new permanent post offices will be opened in the Edmonton postal district, according to information received from the postal superintendent's office here Friday.

One will be opened at Cherry Grove, Alta., eight miles east of Beaver Crossing. D. J. Dow will be postmaster.

The other will be opened at Bank Bay, Alta., 10 miles north of Cold Lake. Mrs. Annie E. Alsop will be postmaster.

Montagu Norman Returns Home

GREENOCK, Scotland, Sept. 9.—Montagu Norman, governor of the Bank of England, arrived here on the steamer Duchess of Bedford, from Liverpool, with the steamer to Liverpool.

Another Victim

The war on police dogs became more insistent in Toronto on Saturday when this pretty, eight-year-old girl, Eunice Dickson, was bitten when the fall while playing. This is the fourth victim of police dogs to be recorded in Toronto this month. There is considerable agitation throughout the entire province to ban police dogs as being too vicious. The dog BELOW inflicted a deep gash on the girl's back.

J. J. Byrne Back From Bear Lake

J. J. Byrne, president of the Great Bear Lake Mining company, and his two sons, J. C. Byrne and N. W. Byrne, arrived in the city on Friday after flying down from Great Bear lake in South Coaling lake in a Canadian Airways plane piloted by J. Hyattell.

The three men have spent the season at the rich claims staked by Charlie Sloan, veteran Great Bear lake trapper and prospector, who wintered in that territory for years before the recent mineral developments.

GYRO CARNIVAL NEARING CLOSE

Fifty grand free attendance prizes will be given away on the last night of the great Gyro Carnival, now in progress, as a wind-up feature to the great show put on by the Gyros in aid of children's playgrounds in Edmonton. A guarantee in the form of evidence was given by Mayor Wark, carnival manager.

Some prizes have not been claimed yet. Such prizes claimed by Friday night will be drawn for again on Saturday night, at 11 o'clock, and sufficient other prizes will be added to these to make the total up to 50 prizes. Mr. Wark said: "The ticket numbers will be called out at 11 p.m. and if you have a stub that corresponds with any number, you can pick a prize from one of the boothkeepers. Each prize must be claimed by the ticket holder in person immediately. Mr. Wark warned: "We are not keeping prizes after the carnival is over."

The following were the prize winners on Thursday night: E. Cooper, Western Grocers; Miss E. Simmonds, 603 1/2 street; Mrs. M. Cuthbert, 1011 1/2 avenue; Mrs. Babin, 1133 1/2 avenue; D. A. Dunbar, 924 1/2 street.

FIRE COMPANY ABOUT TO END PUBLIC SERVICE

Insurance Concern Will Wind up Business in Canada

WINNIPEG, Sept. 8.—Negotiations leading to withdrawal of the Canadian National Fire Insurance Company from business and voluntary winding up of its affairs are under way, according to a letter forwarded to shareholders by J. J. Coyne, president. Head office of the company is in Winnipeg.

An accompanying letter gives notice that a general meeting will be held September 29 to consider a contract which the directors have entered into with Sun Insurance Office, Ltd. of London, Eng., by which the latter will take over the company's insurance business, if approved by shareholders. The company would assume all outstanding risks as at August 27 for a consideration of approximately \$45,000.

After payment of \$45,000, no further points out, there would remain \$100,000 in cash and other current premium reserve immediately available for distribution among policyholders. This with other liquid assets held would enable the company to pay to shareholders more than the current market value of the stock. Furthermore, mortgages are paid up and real estate is sold.

In recommending approval of the agreement with the Sun office, the winding up of the company, directors point out that since inception of the reinsurance venture, the company, under a new board of directors, has increased business volume and the liquidity position, but losses during the depression have been such that it will take a long time to build up the business sufficient to justify payment of reasonable dividends.

City Telephone Record Surplus

"The Silent Partner" has been received for large surplus to date this year, according to a report received by city commissioners from J. A. McClelland, superintendent of the city telephone department. This year's surplus, for the year ending 1931, was \$10,000, an increase of \$1,000 over the year ending 1930. For corresponding period of \$7,250 for the year ending 1929, the surplus was \$10,250, as against \$10,000 for the year ending 1928.

Collections to date for 1931 total \$1,152, as against \$1,000 for the same period last year. Phones in use at the end of the year were 15,485, as against 15,224 for the same time in 1930.

Police Court

Nick Simms, who deserted his family a year ago while he went to the United States, was found for the first time Friday morning when he had died at a city ward in the hospital. He was found by a police officer on the morning of the first time Friday morning when he had died at a city ward in the hospital.

The premier discussed with Hon. W. J. Major, K.C., attorney-general of Manitoba, the question of compensation for single unemployed men. He is anxious that if camps are to be established, a uniform standard be followed with them in the four western provinces be set up.

The year 1930 saw 243,608 Canadian children unborn into being. That was the greatest period of natural increase in the population. Last year there were 3,387 fewer births.

Sebastian Proulx, of Woodland, Alta., who failed to keep a close check on the activities of his children, was charged with the charge of this Friday morning after Magistrate Col. George B. McLeod decided that the case should be dealt with in civil court. He dismissed the case.

According to evidence, Proulx and his neighbor, N. Bourgeois, had been at odds for some time over possession of several acres of land. The neighborly dispute had been going on for some time without either side gaining the advantage until Proulx played his trump card and turned his boys into a house of cards.

The boys set up approximately 30 barrels of wheat, on complaint charged accused with theft of the grain.

After listening to the evidence for some time, Prosecutor Chas. Becker requested that the case be directed to a jury.

"We can't keep anybody's place off anybody else's crop," it was finally decided that the case had no place in a civil case and was dismissed.

But you had better take the law where you have it, said the court. "If you had better take the law where you have it," said the court. "If you had better take the law where you have it," said the court.

DR. MILLIKAN HAS PRAISE FOR CANADA PILOTS

Noted Cosmic Ray Searcher Leaves for Lecture in South

Canadian Press Special Correspondent CORNBOROUGH LAKE, Man., Sept. 9.—After scoring the skies of Northern Manitoba in his search for the cosmic ray, Dr. Robert A. Millikan, world-famed physicist, packed his latest instruments this morning to leave for the south. His next observations will be made shortly at Tucson, Wash.

He will follow the same technique as last time, sending his sensitive electrometers and recording cameras into the upper atmosphere in balloons.

Spinning Mills Postpone Strike

MANCHESTER, Eng., Sept. 9.—The labor leaders in the cotton and woollen textile industry decided today to postpone a wage-cut which was to have taken effect September 17 and agreed to resume negotiations with the spinners' Trade Union.

The textile industry in Manchester is one of the most important in the world. It has been working for years on the basis of a wage-cut which was to have taken effect September 17 and agreed to resume negotiations with the spinners' Trade Union.

Auto Stolen On Thursday Recovered

One of the two automobiles stolen on Thursday night was recovered today. The car was found in a field near the city limits.

WORKING FOR YEARS

Dr. Millikan, who is head of the California Institute of Technology, has been working for years on the cosmic ray. He is now studying its effects on different particles in the earth's field. His first observations will be made shortly at Tucson, Wash.

He will follow the same technique as last time, sending his sensitive electrometers and recording cameras into the upper atmosphere in balloons.

DISCUSS CABINET REORGANIZATION

Prior to any reorganization of his cabinet, concerned upon the subject of the present cabinet, Premier J. A. Brodeur will call his legislative followers together and discuss the matter with them, he stated on Friday.

"I have deliberately held back any final action on cabinet reorganization and so informed our members at the last gathering held here in the city, that they would know what conditions were likely to be the fall and winter and just as soon as I feel that the cabinet has been in order I will call them together and discuss the matter with them, he stated on Friday.

COLLEGE BOY MAKES GRADE WITH STARS

EDMONTON BULLETIN

CALGARY WILL GET OPERON ON SEPTEMBER 24

—BILL LEWIS—

What had all the makings of quite a verbal battle between Alberta's senior gridiron forces was smoothed over at long-distance range last night when the three teams—Calgary, Edmonton and the University of Alberta—were scheduled to play a game at the University of Alberta. The game was postponed because of the weather and the teams actually met out on the gridiron for their annual fall battle. There anything can happen.

This is the first year Varsity has been an official entry in the league since they joined the Western Intercollegiate Union a few seasons back and they promised to be plenty of difficulty before all three teams get what they wanted in the way of games and dates.

But they got right down to business there last night and the outcome of the game will be the result of the coming campaign.

One of the things that pleased the above all else was the agreement reached between Varsity and Edmonton to play a series for the city championship at the end of the A. R. F. U. schedule.

There has always existed a great deal of rivalry between the students and the Rugby-Rugby but there has never been any real rivalry as the teams are really students and their little feud each year.

An intra-city series is carried on in practically every city in the Dominion where there is both a college and a club team and the games that are always looked forward to by spectators of the rival teams and by the players themselves.

And I think that such a series here would develop into the highlight of the fall season here.

Leaving the football hope rest for the future, and since the little feud further ahead, it appears that supporters of the University of Alberta and the University of Alberta are feeling a little better about the latter's suspension.

There was plenty of fear yesterday that an appendicitis operation might prevent the big chapter of baseball from taking part in the youth world series and thus leave the Yankees' chances of victory. But now it seems that the operation may not be necessary. And that makes the Yankees glad.

GOLF TOURNEY HUGE SUCCESS AT CORONATION

Cuthbert is Winner From Field of 58 Contestants

Inclusive to Edmonton BATTLE OF CORONATION, Sept. 9.—A local weather contributed to no small extent to the success of the Coronation Golf tournament held here Sept. 4 and 5. The event, which was the first of its kind in the city, drew a large crowd of spectators and was a huge success.

The tournament was held at the Coronation Golf Club and was won by Cuthbert. The field of 58 contestants was large and the competition was fierce. Cuthbert's victory was a surprise to many.

The first flight was won by C. W. Cuthbert, who was followed by H. H. Cuthbert. The second flight was won by H. H. Cuthbert, who was followed by H. H. Cuthbert.

The third flight was won by H. H. Cuthbert, who was followed by H. H. Cuthbert. The fourth flight was won by H. H. Cuthbert, who was followed by H. H. Cuthbert.

GORMAN GETS FRANCHISE IN CAPITAL CITY

Hockey Magnate Hopes to Make Ottawa Real Contender

MONTREAL, Sept. 9.—Control of the Ottawa hockey club in the National Hockey League yesterday virtually passed into the hands of Tommy Gorman, well-known Ottawa sportsman, and his associates.

Mr. Gorman yesterday laid off before Redmond Quin, K.C. of Ottawa, was asked for the American company and the figure was \$100,000.

There must have been a lot of money involved in the deal, as it was a franchise in the N.H.L. and the franchise in the N.H.L. and the franchise in the N.H.L.

The job now is to build up a team, Mr. Gorman said. Players who were sent to other clubs last winter will be called back and some new players will be acquired.

There were no N.H.L. games in Ottawa yesterday, owing to financial difficulties.

TRANSFER CLAUSE
Mr. Gorman has hopes of making Ottawa a prominent contender next winter. Whether the team remains in Ottawa, however, is not known.

Edmonton's Season Opens October 1st With Exh

Playing Athletics

While long-distance telephone lines kept kept between the city and Calgary last night, difficulties that have confronted the schedule-makers were ironed out and the 1932 schedule of the Alberta Rugby Football Union was finally approved and adopted by the three senior contenders—University of Alberta, Edmonton Eskimos and Calgary Athletics.

When proposed schedules submitted by Calgary and the Eskimos were found to be unsuitable to each other and to the University, a meeting was ordered for Sunday in Calgary to settle the matter.

It provides for a balanced number of games for all teams and for a season in which each team will play two games with the remaining three teams.

Calgary originally wanted to open the season at Regina, but the University of Alberta refused to play in the south and return here for their first home game against the Eskimos.

Varsity will make its first appearance at Regina on September 17, but the Eskimos will play at Regina on September 24.

Renowned Babe Ruth Confined To Home With Painful Appendix Attack

YANKEES MAY BE WITHOUT HIS SERVICES

Home-run King Groans As Hospital Cuts Beckons

By EDWARD J. KELLY
Associated Press Staff Writer
NEW YORK, Sept. 9.—Babe Ruth, the greatest home-run hitter in the history of the game, yesterday was confined to his home by a painful appendix attack, and it is probable that he will be unable to return to the field for some time.

Ruth has "light symptoms of appendicitis," Dr. King said after a thorough examination. When he said that he did not think an operation would be required, it was a relief to the fans who had been watching the home-run king groan and sweat in pain for the last 24 hours.

Ruth's temperature was only a shade above normal at 98.5 degrees, his pulse normal at 80 and respiration was normal.

Pals? Maybe!

Because Wesley Ferrell fussed and fumed and glared and pointed and refused to leave the club when Manager Roger Peckinpaugh of the Cleveland Indians called him off the ball in Boston recently, Peck suspended his star twirler for ten days without pay, for insubordination. Now there is talk of removing Peck as manager, Ferrell gave a story to the newspaper in which he said his aim was to get Peck out of the club. After showing Peck, left, and Ferrell, right, was route last spring when both were just pals.

Pantomime Can't Be Inter-Mingled With Ball Tossing

And Wesley Ferrell Has To Find That Out Before Long

By WILLIAM BRADCHER
NEW YORK, Sept. 9.—Wesley Ferrell is one of the greatest pitchers in the major leagues, but he ought to give up the act of pantomime. He can make money by pitching, but the only thing he'll ever win by pantomime is a fight with the judge.

Wes was suspended recently for 10 days without pay for his long-suffering manager, Roger Peckinpaugh. On the team of Ferrell's \$10,000 a year, which means more than \$100,000 a year for the team.

Then, when Peck ordered the pitcher to back into the dugout, Ferrell hesitated and put on one of his very best "pantomime" stunts.

Often he has staged his temperamental pantomime at the expense of an infielder who had dared to look a ball in a game in which he was pitching.

Ferrell's \$100,000 a year is a lot of money, but it is not as much as it used to be. In 1928, he was paid \$100,000 a year, but in 1931, he was paid only \$75,000 a year.

It is time to take note of removing Peck as manager, Ferrell has been making a story to the newspaper to the effect that Peck ended his career with a new one.

If Peck had really squandered Peckinpaugh's millions, he would have been a long time ago.

Hydro Inquiry Is Adjourned

TORONTO, Sept. 9.—Royal commission inquiry into the Hydro inquiry was adjourned until Thursday by Mr. Justice W. H. Hildner.

Mr. Justice W. H. Hildner, after a long and arduous session, adjourned the inquiry until Thursday.

HEDGING OFFSET BY PURCHASING; WHEAT STRONG

WINNIPEG, Sept. 9.—Steady purchasing in Canadian wheat markets, account and good support in outside markets, have this morning resulted in heavy buying in the pit today. Closing prices were 1 cent a bushel higher, and 1/2 cent a bushel higher in futures. Cattle closed at 15, December at 16 and May at 17.

Export sales were estimated in round figures at more than 1,000,000 bushels.

In addition there was good buying of Winnipeg May wheat against sales of the May future at Chicago, this latter due by southern traders engaged in exportation.

Shipping sales were quite heavy with delivery in the country on Thursday evening, 8,000,000 bushels, but they were absorbed in a surprisingly short time.

Lack of offerings from Russia appears to be disappointing importers, who have little choice now with Argentine and Australian supplies, and United States crops out of time. Wheat shipments from the Argentine this week totaled only 72,000 bushels. Traded in cash, wheat and coarse grains was indifferent with little change in prices.
